2. Attend a new volunteer orientation if you haven’t volunteered before. Sign up for the orientation on VolunteerUP.

   1. Log in to your VolunteerUP account. You should see available orientation dates listed on the main calendar page under the column titled “NEW VOLUNTEER ORIENTATION.”

   2. Click the title of the orientation. You will see “shifts” listed and how many spots remain available for that date and time. You can also see attendance instructions and set reminders for yourself.

   3. Click “SignUp” to register for that session.

3. All construction volunteers must have received a COVID-19 vaccine. Fill out this form to confirm your vaccination and get approved to sign up for shifts: https://forms.gle/Ee7V4RXXPrjUbGcH9

   1. PLEASE NOTE that no volunteer days will be visible to you UNLESS you have filled out the form and been approved! Approval is done manually, so please be patient as it may not happen immediately.

   2. If you have difficulty using the Google form, please email vaccine@pvhabitat.org.

4. After you have been approved and attended a volunteer info session, you can sign back in to your VolunteerUP account to view all available volunteer shifts and sign up.

   1. Call our office at (413) 586-5430 or email volunteer@pvhabitat.org with any questions.
